Areas of Interest:

My chief areas of interest include managing pelvic and acetabular trauma, complex intra-articular fractures, spine fractures and polytrauma cases. I am also interested in dealing with sports injuries. Research has been my prime interest over the years and I have more than 45 international publications on variety of subspecialities of orthopaedics including trauma, infection, joint replacement etc. Have been presenting Guest lectures and invited papers in various national and international for a on trauma especially Pelvic and Acetabular injuries and their management. I am also a certified ATLS instructor and a member of Editorial Board of Indian Journal of Orthopedics and the editor of Journal of Clinical Orthopaedics and Trauma.
